

Farmvet Integrated Livestock Services

Job opportunity > Veterinary Surgeon – Pig Health & Production

Location: UK (travel to client sites)

Position: Full-time

We are proud to be an **independent veterinary practice** delivering a **professional, specialist service dedicated exclusively to pig health and welfare**. Due to continued growth, we are looking to welcome an additional **Veterinary Surgeon** to join our experienced and supportive team.

About the Role

Our clients span a wide range of farm and production systems, ensuring that the work is **varied, interesting, and professionally rewarding**. You will be involved in all aspects of pig health, welfare, and production, working closely with producers to deliver practical, evidence-based veterinary input.

Who We're Looking For

We welcome applications from vets at **all stages of their career**, including:

- Experienced vets already working in the pig sector
- Qualified veterinary surgeons seeking a new and focused challenge
- **New graduates** with a strong interest in pig health and production

Your level of experience will **not** be a limiting factor. What matters most is your enthusiasm, curiosity, and commitment to high standards of animal health and welfare.

What We Offer

- **Full-time position** with long-term career development
- A **structured development programme** with full clinical and team support
- **Comprehensive training and mentorship**, tailored to your experience
- **CPD fully funded by the practice**
- **Competitive salary**, commensurate with experience
- **Competitive remuneration package** (car, pensions etc..)
- A friendly, knowledgeable team within an independent practice environment

Interested?

We would be delighted to have an informal and confidential initial discussion with you.

 **Adrian:** 07825 295475

 **Ian:** 07711 824659

(Or feel free to speak to any other member of our team)
